

Large natural in Beehive/Going Home Chute

Beehive Basin

Northern Madison

1/27/2023

Code

N-R3-D2.5

Elevation

9000

Aspect

W

Latitude

45.34070

Longitude

-111.39100

Notes

On 2/4/23 we toured up the ridge between Going Home Chute and Tyler's (below prayer flags). We saw evidence of a large avalanche that broke during the avalanche warning last weekend in Going Home Chute, R3-D2.5 (see photos). It appeared to have run to the end of the [runout zone](#) and tipped over small trees.
