

Blackmore Basin

Date

Thu, 01/11/2024 - 09:15

Activity

Skiing

Skied the S/SE face of Blackmore this morning. Had several large collapses lower in the basin, as well as the ridge. As NOAA predicted, winds started cranking at 10:30am which was time to go, most of the tracks in the area were covered up within an hour.

Region

Northern Gallatin

Location (from list)

Mt Blackmore

Observer Name

Tommy S
