

## Multiple Remotely Triggered Avalanches, N. of Cooke City

COOKE CITY

Cooke City

1/16/2024

Code

SS-AMr

Latitude

45.02020

Longitude

-109.93800

Notes

We receive vague reports of a group reporting multiple remotely triggered avalanches north of Cooke City on 1/16. A member of this same group similarly triggered an avalanche on Sheep Mountain on 1/14 (video overview attached to the entry), so the reports of avalanches yesterday are likely reliable.

Number of slides

3

Number caught

0
