Skier triggered avalanche Frazier Basin

Frazier Basin Bridger Range 4/7/2024 Code SS-ASu-R2-D2 Latitude 45.92330 Longitude -110.98000 Notes

From obs: "Skier triggered <u>slide</u> in one of the Love chutes dropping into Frazier basin. Skier attempted to <u>ski cut</u> the top of the chute, snow was not reactive. He began to ski the chute and triggered a <u>wind slab</u> about 18" deep which failed the crust from the recent warm stretch. Was carried about 200 feet and managed to self arrest on the side of the chute while the <u>slide</u> continued to the bottom. No serious injuries. "
