

Pinwheels and small wet slide in Gallatin Canyon

Gallatin Canyon

Northern Madison

2/21/2025

Code

Latitude

45.36900

Longitude

-111.17500

Notes

From youtube comment: "Sooooo many pin wheels coming down in the Gallatin canyon today on my way home from work. I was driving and couldn't get a full look, but half way through the canyon, it looked like a whole, relatively small, slope slid, maybe propagated 50-75ft on the west facing side of the road."
