## **Snowmobiler triggered avalanches in Taylor Fork**

Date Sat, 02/22/2025 - 01:00 Activity Snowmobiling

From IG message: "We remotely triggered this hillside in Taylor's fork yesterday [2/21] from the Ridgeline above it. We were looking for a safe spot to drop down when it released below us. Circled around for some pictures. The snow was pretty shallow, only 2-3 feet deep, and slid to the ground. South facing slope"
